<http://www.svrw.com>

The Sacramento Valley Rotary Wings (SVRW) is an Academy of Model Aeronautics (AMA) sanctioned model aircraft club dedicated to the sport of flying model helicopters. First formed in 1990, SVRW is now the home (or second home) of some of the most skilled model helicopter pilots on the West Coast.

Our club meets every fourth Sunday of the month at the flying field at 11:00 AM . In case of inclement weather, arrangements are generally made to adjourn the meeting at Round Table Pizza located on the northwest corner of Sunrise Blvd & Coloma Rd in Rancho Cordova. Membership in the SVRW is open to anyone who has an interest in model helicopters and costs \$40 for the first year and \$25 each year thereafter. AMA membership is required to operate any form of aircraft at the Mather Aerospace Modelers flying site. Pilots interested in fixed wing activities must join and abide by the rules of the Mather Aerospace Modelers. Rotary wing pilots must operate their aircraft according to SVRW rules. All pilots must abide by the rules and regulations set forth by the AMA. A current FCC Amateur License is required to fly on HAM frequencies.

You can visit our field by taking US 50 towards Sunrise Blvd. Go south on Sunrise Blvd to Kiefer Blvd, turn right (west). Turn right (north) on Eagles Nest Rd (through the opening in the fence). Our field is just past the creek and a few hundred feet on the east side of the road. If you would like to join our club please fill out this form and send it along with a copy of your AMA card to the address below, or come to our next meeting. Inclement weather to us means that the weather conditions would be bad enough where the average helicopter pilot would choose not fly for reasons of rain, wind, etc. Make checks payable to Sacramento Valley Rotary Wings.
